Illustrator

Invision

Slack

Pair Programming

Patient

Organized

I'm a recent graduate from Epicodus, a code bootcamp based in Portland, Oregon. There I learned about design and front end development. I'm excited about my current journey of being a junior designer and developer. I have a background in art and am drawn to creating things. I also enjoy learning new things and problem solving.

Experience

ZCS Engineering — Office Manager

December 2014 - June 2016

- Answered phone calls, stocked supplies, maintained a clean and efficient office environment
- Assisted with assembling project proposals
- Data entry
- Submitted project applications to local government offices

Hollyhill Quilt Shoppe — Sales Associate

October 2007- December 2014

- Assisted customers to insure a pleasant shopping experience
- Processed and shipped online orders
- Received and organized new stock
